

Drive the change you wish to see

Let your knowledge, experience & passion
make a difference to the lives of millions.

Be a part of the National e-Governance initiative

Vacancies for Private Sector Professionals and Government Officials (on deputation basis) for State e-Mission Teams across States & Union Territories

National e-Governance Plan (NeGP) is a bold initiative to bring public services closer home to citizens in a friendly, assisted format. Studies show that several citizens, on an average, travel as far as 15 km, make as many as 5 trips, and wait as long as 1 hour each time to access a Government / Public service. e-Governance and NeGP promise to dramatically improve this situation by enabling vast sections of the population leapfrog the barriers of time, distance, and infrastructure to truly access what is rightfully theirs.

National Institute for Smart Government (NISG) is engaged in partnering with e-Governance initiatives envisaged under NeGP, and has steadily grown in stature as a reliable advisory body for Government and public sector undertakings.

NISG has a strategic tie-up with National e-Governance Division (NeGD), an Independent Business Division set up by Department of Information Technology (DIT), Government of India, under Media Lab Asia, a Section 25 company. Under which, NISG provides expert resources to NeGD in areas such as programme management for NeGP, capacity building, strategic planning, standards, change management, and technology.

Those driven by passion, and a strong urge to drive change are invited to apply for Management positions in State e-Mission Teams (SeMTs) under NeGD.

The work promises the **thrill of challenge**, the **excitement of change**, and a **wide National canvas!**

Private sector professionals will be taken on an initial contract of 2 years for working in NeGD at the Central and State levels.

Please indicate up to 3 preferred locations. Applications close 21 days from the date of the advertisement.

For further details please login to www.nisg.org

Government officers will be taken on deputation directly in NeGD.

For further details please login to www.negp.gov.in

National e-Governance Division**

CIRCULAR

NO.NeGD/25/2010

Dated: 21.06.2010

Subject: Filling up of various positions in SeMT(State e- Governance Mission Team) in 35 States and Union Territories.

NeGD has been set up by the Department of Information Technology (DIT), Government of India as an Independent Business Division (IBD) within Media Lab Asia, a Section 25 company of Department of Information Technology, Government of India. NeGD has been set up with the objective of supporting DIT in Programme Management of the National e-Governance Plan (NeGP), Capacity Building under NeGP, Strategic Planning, developing standards and including guidelines on technological matters. A brief write up of SeMTs under NeGD- Media Lab Asia is enclosed as [Annexure I](#).

The NeGD is in the process of filling up various posts on deputation basis in SeMTs in all 35 States and Union Territories of India from amongst the officers in Central Government/ State Government/PSUs / Autonomous bodies. State-wise vacancies position is enclosed at [Annexure-IV](#). The candidates while applying for the vacancies in SeMTs have to give a minimum preference of three States. The initial period of deputation shall be for two years extendable by a further period of two years subject to conditions as per NeGD policy. The deputation shall be under Foreign Service terms and conditions. The grade pay is expected to be as per [Annexure II](#). The pay fixation will be done as per the prescribed Government guidelines. Other benefits shall be as per NeGD norms for deputations.

It is requested that the applications of eligible candidates who can be spared immediately in the event of their selection may be forwarded to NeGD in the performa as per [Annexure III](#). The applications along with NOC of the competent authority, should reach the NeGD-Media Lab Asia office at the address given below not later than 21 days from the date of issue of advertisement. The vacancy circular along with the Annexure can be seen at the DIT website www.mit.gov.in. (However, advance copies of applications may be sent by e-mail to cbmc@negp.gov.in).

Those who are working in Central Government/State Government/PSU should apply through proper channel on deputation. However, advance copy may be forwarded to NeGD, Media Lab Asia.

The details of vacant positions is as per table at [Annexure II](#).

About SeMTs

The National e-Governance Plan (NeGP) is an ambitious program of the Government of India with the vision to "Make all Government services accessible to the common man in his locality, through common service delivery outlets and ensure efficiency, transparency & reliability of such services at affordable costs to realize the basic needs of the common man". With this vision, the Government of India (GoI) approved the NeGP to lay the foundation for the long term growth of e-Governance in the country.

NeGP proposes to achieve its objectives through:

- Deployment and scale up of select "Mission Mode Projects" (MMPs - projects with significant citizen interface),
- Creation of a National IT backbone for fast, reliable and efficient connectivity, data storage and access,
- Set up of Common Service Centers for delivery of citizen services
- Creation of Internet portals for 24x7 access to Government information and services.

With this background, the Government has approved the Capacity Building (CB) Scheme for taking NeGP forward across the country in all the States & UTs. The CB Scheme is mainly for provisioning technical & professional support to State level policy & decision-making bodies and to develop specialized skills for e-Governance. The CB Scheme will support Capacity Building through various means such as engaging experts, developing skills and imparting training and supporting the creation of State e-Governance Mission Teams (SeMTs) and Project e-Governance Mission Teams (PeMTs).

This team shall oversee project execution, manage implementation and deal with technology, process, external Agency management & change management related issues.

A total of approximately 328 professionals will be recruited for staffing SeMTs across all 35 States and UTs. These requirements are being sourced from these modes:

- a) Deputation from various Government, State Government, PSU and Autonomous organizations to NeGD, Media Lab Asia
- b) Recruitment of candidates from open market to NISG.

The SeMTs would be responsible for undertaking the groundwork for providing for an overall direction, standardization and consistency through Programme Management of the e-Governance initiatives in the State. All interdependencies, overlaps, conflicts, standards, overarching architecture, security, legal aspects, etc. across projects as well as core and support infrastructure shared across several projects would fall under the purview of SeMTs and will work in the following key domains:

- Undertake Strategic Planning
- Provide Project Consultancy
- Provide Project Implementation and Post Implementation support
- Facilitate setting up of PeMTs
- Perform core SeMTs activities
- Day to day SeMTs Operations

The SeMTs require personnel with appropriate background and aptitude who have adequate skills and experience in performing work across the project domains. The SeMTs personnel will require the following broad expertise areas:

- Programme Management
- Change Management
- Technology Management
- Financial Management

Job Description	
Position	Head of SeMT
Designation	Principal Consultant
Department	SeMT/ State Nodal Agency
Reports To	Head of State Nodal Agency
Job Code	PC/SEMT

Job Objective

The job holder will directly oversee the functioning of the SeMT team comprising of professionals from the domain of Program Management, Finance, Technology and Change Management etc. The job holder will work closely with the various departments of NeGD and the designated state nodal agency where the SeMT is placed to provide and seek inputs on program management of NeGP to ensure successful implementation of NeGP.

Primary Responsibilities

Program Management

- Define the critical success factors for the various NeGP projects in the state in coordination with the state apex committee
- Develop and establish suitable program monitoring framework for the state under guidance from NeGD
- Drive the implementation of various MMPs and NeGP components in the state and provide inputs to NeGD
- Drive the progress of the NeGP in the state and highlight any issues/ slippages to higher authorities
- Ensure that the different e – governance projects being developed are in alignment with the overall objectives of NeGP
- Assist in procurement of required material/services for various e- Governance projects

SeMT Management

- Oversee the functioning of SeMT and ensure that it is able to suitably meet the requirements of the state government in implementation of NeGP
- Prioritize and allocate available resources/ work to the SeMT personnel to ensure effective service delivery within the defined structure
- Clearly establish performance targets for the SeMT personnel in line with their assigned roles
- Identify developmental needs of the SeMT personnel and ensure that specific, need based training interventions are administered

Interagency Coordination

- Interact with the state e – governance apex committee and other relevant governance bodies to identify their issues and concerns in matters related to the implementation of NeGP
- Provide inputs to the state e – governance apex committee and other relevant governance bodies on various matters related to e – governance and help them understand and analyze the policy guidelines issued by various central agencies/ committees/ NeGD etc.
- Support state e – governance apex committee in resolving interdepartmental coordination issues related to technical, architectural, support, inter dependency, standards, security, core, support or shared infrastructure issues etc.

Capacity Building

- Assist the individual departments of the State Government in putting a dedicated team for conceptualizing and undertaking e- Governance projects in their departments
- In close coordination with the CBMC, assist the state government in addressing the issues related to capacity building

Financial Management

- Ensure financial appraisal of project reports received from the various state departments
- Manage the financial affairs of the SeMT and provide regular inputs to NeGD

Technology Management

- Proactively use the services of the technology experts in the SeMT as well as actively seek help from the NeGD technology team, in order to provide assistance to states in technology related matters

Miscellaneous

- Ensure that the requirements of state departments in matters like preparation of EoI/ RFP/ Contracts/ PPP and other related matters are suitably addressed
- Identify Change Management needs of the department and formulate change management strategies in consultation with the State IT Department/IT Society/external consultants
- Support the state government in the roll out of awareness and communication efforts as part of the NeGP

In addition to above Primary Responsibilities the incumbent may be assigned any other task from time to time by President and CEO.

Job Description	
Position	Program Management
Designation	Senior Consultant
Department	SeMT
Reports To	Head SeMT

Department	SeMT
Reports To	Senior Consultant - Change Management
Job Code	C/CM/BPR

Job Objective:

The objective of this job is to assist the State Departments in carrying out Business Process Transformation exercises entailing efficiency improvements for the e-governance projects.

Primary Responsibilities

- Assist in identification of capacity gaps in carrying out BPR exercises and develop plans to address the same
- Study and evaluate the need and importance of the BPR initiatives being planned by different PeMTs/ State Departments
- Assist in the prioritization of the BPR initiatives related to a particular e – governance initiative
- Provide program level monitoring of the BPR initiatives being carried out by different departments and ensure uniformity as well as adequate level of synchronization among them
- Provide inputs on the institutional/ legal/ procedural implications of planned process changes and ensure that the respective departments are sufficiently informed on the same
- Collect and provide benchmarks as well as best practices for different processes to the state departments to avoid duplication of effort and to shorten the learning curve
- Conduct cost benefit analysis of different BPR initiatives to evaluate the efficacy of the planned process changes
- Study the projects of various departments and suggest prospective use of tools like BPM (Business Process Management) etc , or alternatively guide them on the best way forward
- Increase the awareness about the importance of BPR exercises among the State Departments/ PeMTs
- Liaise with the BPR team at NeGD and provide critical inputs for designing guidelines and policies around various Government Process changes

In addition to above Primary Responsibilities the incumbent may be assigned any other task from time to time by Head SeMT.
