2. The Asst. Engineer (Elec),

Respondents.

This case was posted for hearing on admissibility. The petitioner remained absent and has requested through a letter to pass orders on merit.

2. According to the pleadings of the petitioner, he had unsuccessfully approached the First Appellate Authority and thereafter filed appeal before the Second Appellate Authority against the orders of the First Appellate Authority. His plea is that the Second Appellate Authority is not taking action on his appeal. According to K.E.R.C. (Electricity Supply and Distribution) Code 2000-2001, no appeal can be filed before the Commission, against the orders of the Second Appellate Authority. However, the Commission may suo motu call and examine
the records of any proceedings before any Appellate Authority for the purpose of satisfying itself regarding the propriety or legality of such orders or proceedings and may pass such orders as it may think fit. The petitioner has not made out any case in his pleadings for exercising the suo motu powers by the Commission. Hence, we do not consider this as a fit case for admission.

3. The case is not admitted. So ordered.
